SECTION 1 AFFILIATION GOVERNANCE & COMPLIANCE INFORMATION

1.1 COMPLIANCE REQUIREMENTS – GENERAL INFORMATION

As previously outlined, there must be a direct correlation between MNSW and an Affiliated Club. This process and listed requirements are to assist and ensure Affiliated Clubs in maintaining adequate corporate records and lawful governance processes.

Often volunteer committees change frequently and can sometimes be ‘time-poor.’ This process will ensure Club assets are protected, there is an ‘off-site’ backup, storage, and maintenance process while support or help from the MNSW office can assist with some of the compliance processes.

Provided below is general information in relation to the compliance requirements.

NEW CLUB AFFILIATION

STEP 1: BECOME A LEGAL ENTITY

GENERAL INFORMATION

A Legal Entity is an individual, business or organisation that has the legal capability of entering into a contract for all types of goods and services with another entity, assume obligations, incur, and pay debts, sue, and be sued and to be held responsible for its actions.

Just about any type of incorporated business or organisation can be considered a legal entity. This includes companies that operate for profit, non-profit Clubs and other groups, partnerships, and trusts.

To achieve legal status, you have several options – you can become:

- A cooperative society
- A company limited by guarantee
- An incorporated association or society (under the Clubs Act 1985) **RECOMMENDED**

One key benefit of being a legal entity is that this status makes it possible for legal action to be brought against the company, rather than against the people who own and operate the organisation. It is especially important for volunteers and/or individuals to have formed a legal entity; this protects individuals against potential exposure(s).

There are specific conditions that a business or non-profit enterprise must meet in order to attain this status. In summary, it involves obtaining a valid licence to operate, as well as complying with any regulations that are used to define what constitutes some form of corporation.

To become an Incorporated Association or Society (under the Clubs Act 1985) you must comply with the following Corporation Regulations relating to;

- (a) Club Incorporation
- (b) Constitutions
- (c) Regulations Agreement
- (d) Risk Assessments
- (e) Annual Reporting

Further information on each of these is contained below.

STEP 2: GENERAL INFORMATION

Please complete the "[Become an Affiliated Club](#)" online form, outlining your intention to start a new / become an Affiliated Club with MNSW. The online form will include the following:

- Proposed name of the Affiliated Club (see notes below)
- Reason for starting a new Motorcycling Affiliated Club
- The location / facilities that you will be utilising
- What discipline(s) you would like to offer
- Existing number of members of Club (*Clubs must have a minimum number of members in alignment with the requirement to register as an incorporated Association.* (see notes below))

MNSW encourages the development of new Affiliated Clubs to service local communities in an inclusive manner. Affiliated Club names are required to support this policy of the sport, locality, and inclusiveness.

CLUB INCORPORATION

GENERAL INFORMATION

A Motorcycling club must be incorporated (or a company) and compliant with all that is required by the relevant agencies.

WHY DOES A CLUB NEED TO BE INCORPORATED?

Incorporation provides a club with a legal identity distinct from its members, therefore relieving the members of the committee and the club from liability for authorised acts of the club. It is a major protection for clubs regarding legal issues; however, it does not prevent actions for negligence against individuals.

DOES YOUR CLUB HAVE TO BE INCORPORATED?

Although there is no legal requirement for a Motorcycling club to become incorporated, MNSW does require all its Affiliated Clubs to be incorporated prior to applying for affiliation.

WHAT ARE THE RISKS OF NOT BEING INCORPORATED?

The law does not recognise a club (or association) as having any legal existence in its own name unless it is incorporated, and legal rights and obligations can fall on to individual members.

If a club is not incorporated (or a company), they are not covered for insurance such as Public Liability or Club Management Liability.

Public Liability Insurance covers a range of financial risks such as the club's legal costs or other costs associated with legal proceedings. Club Management Liability Insurance covers a range of financial risks for a club's directors and officers such as costs associated with legal proceedings for:

- Employment related matters (unfair dismissal)
- Club Management Liability can also cover some of the costs associated with an employee or officers stealing funds from the club.
- Negligence, libel, slander, defamation, discrimination, etc.

HOW DOES YOUR CLUB BECOME INCORPORATED?

If the legal association does not already exist, follow these steps:

1. CHOOSE A NAME

The proposed name should reflect the purpose of the association. NSW Fair Trading will determine if the proposed name is acceptable. In most cases, a name will be unacceptable if it is identical or similar to one that is already registered. Applicants can check if a name is similar to one already registered by searching the Organisation and Business Names search facility on the Australian Security and Investments Commission website at www.connectonline.asic.gov.au

You can also find out if the proposed name is registered by an incorporated association by doing a free online search through the NSW incorporated Clubs or ACT Incorporated Clubs online register. This provides key information about incorporated Clubs registered in NSW and the ACT, including an entity's incorporation name and number, date of incorporation and registration status.

2. ESTABLISH OBJECTS AND CONSTITUTION

MNSW can provide a template club constitution. For reference click here for [MNSW Template Constitution](#) or for further information on the constitution, visit the [About the constitution page on the Fair-Trading website \(NSW based club\)](#) and [Access Canberra Website \(ACT based Clubs\)](#)

3. AUTHORISE AN APPLICATION FOR REGISTRATION OF THE INCORPORATED ASSOCIATION

An application for registration includes:

- the proposed name of the association;
- a statement of the association's objects;
- a copy of the association's proposed constitution, or a statement that the association's proposed constitution adopts the model constitution without modification, and
- the association's first public officer.

In the case of 5 or more individuals proposing to register an association, they are each required to authorise the first public officer to apply for incorporation of the association.

In the case of an existing unincorporated body, the application must be authorised by a special resolution passed by members of the unincorporated body. A copy of the special resolution must be included with the application for registration.

4. APPLY FOR REGISTRATION OF THE INCORPORATED ASSOCIATION

The association's first public officer must lodge with Fair Trading an application for registration of an incorporated association, together with the prescribed fee.

The application can be lodged for

NSW based clubs;

- by mail to Registry Services, PO Box 22, Bathurst NSW 2795;
- by email to registrylodgements@finance.nsw.gov.au, together with completed credit card details;
- in person at any Service NSW Centre.

ACT based Clubs;

- [Application to incorporate an association](#) form and submitting by email to citl@act.gov.au
- post to Access Canberra, GPO BOX 158, Canberra City ACT 2601.

ARE THERE COSTS FOR THE CLUB TO BECOME INCORPORATED?

Yes, however these fees are minimal. More information can be found on the [NSW Fair Trading website \(NSW\)](#) or [Access Canberra Website \(ACT\)](#)

5. INCORPORATION STATUS

All Clubs must maintain their status as an incorporated entity throughout their Affiliation with MNSW. Should this lapse then affiliation to MNSW would be cancelled.

CONSTITUTION

GENERAL INFORMATION

Once you have been granted approval by MNSW to proceed with the new club process, Clubs are required to endorse a Club Constitution.

MNSW recommended sections to include in your Constitution are:

This includes:

All forms can be found on the [Motorcycling NSW Website](#)

Once affiliation has been approved and fees have been paid, your Management Liability Insurance kicks in.

RISK ASSESSMENT

GENERAL INFORMATION

Risk Management has become an important role of sports clubs. It responds to the legislative requirement "to secure the health and safety of workers and workplaces," which includes individual members, volunteers and participants, sports facilities, and venues.

Affiliated Clubs should demonstrate that risk management strategies have been put in place. To assist clubs to develop and improve risk management strategies, several resources are available for all administrators, staff, volunteers, and participants

A requirement of fulfilling an application and renewing affiliation is, within one month following your annual general meeting, to provide MNSW a copy of:

- Annual Report
- Evidence of annual reporting procedures (including the relevant audited/detailed financial statements that were presented to the club's members at their Annual General Meeting).

1.2. ADOPTING OF MNSW/MA RULES & POLICIES
