Subject: 2025 MNSW Fee Schedule

Motorcycling NSW (MNSW) provides you with information regarding the 2025 MNSW Fee Schedule.

As discussed at last night's December Delegates Meeting the rider levies and permits have maintained the same price point for 2023 and 2024, there was a need to increase both rider levies in permits through incremental change to maintain the current operation of the business and for the future needs of the sport and organisation, please see below the 2025 MNSW Fee Schedule.

There has been no change to the Track Inspection or Track Licensing costs. RPA and Personal Accident Insurance are 2024 pricing with a view to maintaining the same, however, any pricing shifts will be advised prior to February 1, 2025.

Please note that figures on the fee schedule will commence for activities permitted from January 1, 2025.

Should our Clubs have any questions or require further clarification regarding MNSW Fee Schedule, please do not hesitate to reach out to our Sport & Event Officers;
